

TIE-DYE to spread some Sunshine, Make a Difference by supporting the Project Sunshine TIE-DYE Fundraiser on Sep 29

Brighten the lives and bring in sunshine into the lives of children and families undergoing treatment through your support and make a difference

October 17, 2021

Project Sunshine supports the students and families undergoing medical treatments by volunteering at the Stony Brook's children hospital, provides a lot of educational, recreational(arts), and social service programs to the students and they do a lot of fun activities for the students to help them relieve stress. Apart from that the volunteers at Project Sunshine also create a lot of programs for the students in order to spread smiles, build courage in them and help them by providing a lot of coping skills to them. Out of all they try to cheer the children undergoing treatment and provide support and courage to them.

The Project Sunshine is hosting a fundraising event along with the Faculty Student Association on Wednesday, October 20, 2021 from 12:30PM to 2:30PM outside west side dining, Stony Brook University. Please come and support this event and become a reason behind a child's smile.

There is a lot of joy in sharing, but if you are sharing for the betterment or for spreading love and joy then that gives you utmost satisfaction. If you believe in sharing and love making Tie-Dye apparels then you should come to the Project Sunshine Tie-Dye Fundraiser and make some good Tie-Dye apparel for yourself and to become a reason to spread some sunshine in the lives of children and the families facing Medical issues. Your help can make someone day. So please come by.

You can make a Tie-Dye apparel for yourself and for a pediatric patient. You can make:
Socks for \$3
T-shirts for \$7
Bucket Hat for \$10
